- (2) Established based on a determination that the corporate objective, individual objective and general management contribution elements had been substantially satisfied as a whole.
- (3) Dr. Nielsen resigned as Senior Vice President and Chief Scientific Officer and became a member of the Company’s Board of Directors on January 30, 2015.

2. Established 2015 base salaries, effective April 1, 2015, as set forth below:

<u>Name</u>	<u>2015 Base Salary</u>
Robert J. Mulroy	\$ 570,180
William A. Sullivan	\$ 310,409
William M. McClements	\$ 371,382
Edward J. Stewart	\$ 339,888

3. Approved the annual performance-based cash bonus program for 2015 for the Company's named executive officers (the "2015 Bonus Program"). The 2015 Bonus Program is comprised of the following three elements: (1) the achievement of specified annual corporate objectives; (2) the achievement of specified annual individual performance objectives; and (3) the support of the overall management of the Company and the creation of long-term value for the Company's stockholders, which are referred to as the general management contribution.

The corporate objectives for 2015 generally focus on gaining FDA approval for and launching MM-398, advancing the Company's clinical and preclinical pipeline and pursuing various business development opportunities.

The individual performance objectives for 2015 for each named executive officer generally relate to the following:

- for Robert J. Mulroy, advancing the Company's corporate objectives and leading the Company's transition to commercial stage;
- for William A. Sullivan, ensuring adequate funding for the Company and preparing the Company's financial systems for commercial operations;
- for William M. McClements, developing the organizational capabilities and infrastructure necessary to support commercial operations and the Company's continued growth; and
- for Edward J. Stewart, building the Company's commercial organization and launching MM-398.

The general management contribution of each named executive officer will be evaluated retrospectively and will broadly focus on overall contributions during the year to the improvement of processes and efficiency, the development of human and scientific capacity and the development and management of stakeholders, including partners, collaborators, investigators, stockholders and licensees, rather than on specific, pre-determined criteria.

Each named executive officer is eligible to receive an annual cash bonus under the 2015 Bonus Program up to a fixed percentage of his base salary. For 2015, Mr. Mulroy is eligible to receive an annual cash bonus of up to 50% of his 2015 base salary and each of Mr. Sullivan, Mr. McClements and Mr. Stewart is eligible to receive an annual cash bonus of up to 35% of his respective 2015 base salary.

For Mr. Mulroy, the Committee will weigh each of the three foregoing elements equally when determining the percentage of the annual cash bonus that he will receive.

For each of Mr. Sullivan, Mr. McClements and Mr. Stewart, the Committee will look at the three foregoing elements as a whole. If the Committee determines that the named executive officer has substantially satisfied the elements as a whole, then the named executive officer will receive his full annual cash bonus. On the other hand, if the Committee determines that the named executive officer has not substantially satisfied the elements as a whole, then the named executive officer will not receive an annual cash bonus.

Notwithstanding the foregoing, the Committee has the authority to, in its sole discretion, adjust the bonus percentage in connection with its review of the named executive officer's performance and to modify the amount of the annual cash bonus above or below the amount calculated.
